

## EXTENSIVE HIWAY IMPROVEMENT UNDER WAY

### 500 WOMEN TO REGISTER AT MEETING HERE

300 Delegates From 7th District Will Attend Program During Today and Friday

#### PUBLIC INVITED

President's Program to Be Held Tonight and Fine Arts Program on Friday Night

More than 500 women from Northwest Texas are expected in Canyon today and tomorrow to attend the 16th annual convention of Federated Clubs of the Seventh District.

Delegates will number more than 300, coming from the 47 counties of this district. Two hundred clubs are sending delegates who will stay throughout the program.

The federation was invited by W. T. for the annual convention, and all club women in Canyon are assisting in entertaining the guests. All club women in Canyon have been extended a special invitation to attend all meetings held during the two days.

President's Evening will be observed at the auditorium at 8 o'clock tonight. Mrs. R. J. Turrentine of Denton, State President, will bring greetings, and Mrs. J. W. Walker of Plainview, district president, will speak.

The Fine Arts program will be given Friday night with an address by Dr. John C. Kendel of Denver.

Many social events will be given during the two days that the delegates are present, while the general program will be carried on throughout of the two days and evening hours.

### Caliche Base Will Be Started on 6th Ave. for 3 Blocks

Plans are being made to start this week spreading a caliche base on Sixth Avenue between 14th and 17th Streets. The three blocks will be hard surfaced as a result of a petition handed the city commission by citizens asking that this unpaved section be finished before the new hospital be erected at Sixth and Sixteenth.

Mayor C. R. Burrow stated yesterday that no definite plans had been adopted for the hard surfacing. All citizens who have been interviewed were of the opinion that a curb and gutter should be run for these three blocks. Owing to the fact that the caliche is being secured from the underpass, and work must be started at once to complete the final excavation at the underpass, there is no time to provide for running curb.

Owing to the financial condition of the city, brick paving is out of the question at the present time. All of the other paving in Canyon is of brick. The three blocks were left out when the other brick paving was done as so many home-steads being located in that section.

The street will be made extra wide between 15th and 16th due to the site of the hospital and the city park so that adequate parking facilities will be provided.

### Reservations Must Be Made Historical Banquet by Apr. 13

Those who wish to attend the annual banquet of the Panhandle-Plains Historical Society must buy tickets from W. L. Vaughan by Tuesday of next week, states L. F. Sheffy, secretary of the Society.

Dr. Walter Prescott Webb, Texas author and historian, will deliver the principal address. The banquet will be held at Cousins Hall with Hermon Pickin of Amarillo as toastmaster.

Mrs. Ralph Jones of Matador is visiting in the parental Ike Steen home.

#### President of Federated Clubs

Mrs. J. W. Walker, of Plainview, president of the seventh district of Texas Federated Clubs for Women will preside at the convention which will be held here today and tomorrow.

### Moisture From Snow and Rain Amounts to .35

County Is Blanketed on Sunday With Snow; Hit Yesterday By Another Hard Duster

Snow blanketed the county Sunday, which followed a light rain Saturday night. Moisture amounting to .35 of an inch fell in Canyon.

A raging wind swept the Plains yesterday, bringing one of the worst dust storms of the year for several hours. Land which had blown at other times suffered greatly in Randall county.

Wheat over the county is in fine shape, following the rains, excepting in places where the crop has been whipped by the blowing soil.

### New Officers For Rotary Club Named Tuesday Election

The Canyon Rotary Club elected new officers Tuesday for the year which starts July 1st as follows: W. A. Warren, President. Harris M. Cook, Vice President. Bob Foster, Secretary-Treasurer. Directors: Jesse D. Barker, Dr. R. A. Neblett, Clarence Thompson, and retiring president, Harry Brown.

Visitors present were: Arthur Osgood, Russell Boyd and O. W. Wright of Amarillo; Gordon McInnis of White Deer.

#### NEW MANAGER ARRIVES FOR M. E. MOSES CO.

L. D. Keith arrived Sunday to become manager of the local M. E. Moses Co. Mr. Keith has been with the store at the Tyler branch. He formerly lived in Dallas before going to Tyler.

Mrs. Keith and two children will arrive in the near future.

Mrs. L. V. Stone of Monument, N. M., arrived Tuesday afternoon for a visit of several days with her sister, Miss Hazel Braun, and her cousin, Hal Collier.

Mrs. R. E. Littleton spent Sunday at Alarred visiting in the Frank Steen home there. She returned home Monday afternoon.

### College Stunt Nite Monday Promises to Be One of the Best

Stunt Nite, a night of fun sponsored every two years by the Y. W. C. A. at the college, will be given Monday night at 8 o'clock in the Main Auditorium at the College.

Five student organizations will compete for a five dollar prize, which will be awarded to the groups giving the best performance. Three Canyon citizens have been selected to judge the stunts.

The Canyon Novelty Orchestra will play between stunts. The admission is only 10 cents, so go and have an evening of excellent entertainment. Miss Rosa Cash is president of the Y. W. C. A.

### Baptist Church To Hold Revival Meet Beginning Saturday

REV. JAMES N. MORGAN

Beginning Saturday evening, April 10, the Baptist Church will hold a revival meeting, which is to be conducted by the Rev. James N. (Jimmie) Morgan, pastor of the First Baptist Church of Handley.

Services will be held daily at the Church at 10 o'clock a. m. and at 8 o'clock p. m. until the close of the meeting Sunday evening, April 18.

Rev. Morgan is a young preacher, recently a student in the Fort Worth Theological Seminary, and is full of enthusiasm for the young people. His wife, the former Ruth Baker, will accompany him here. Everyone is urged to attend the special revival services.

### Car Registration Falls Under Total For the Past Year

Loss of Big Trucks and Busses Reduces Money For Road and Bridge Fund of County

Randall county registered only 1500 automobiles this year as compared with 1700 last year. The county lost several hundred dollars for the road and bridge fund as the result of the decline in registrations.

Car owners may pay their license fees without penalty if they have not used their cars since the first of April, but will be assessed a penalty of 20% if they attempt to use the car without the new 1937 plates.

The greatest decline in revenues came from the loss of big trucks and busses. A recent court ruling made it compulsory for car, bus and truck owners to register in the county in which the owner resides, or in the county of the principal office. In years past the companies operating bus and truck lines have distributed their fees among the counties through which their lines run. Owing to the fact the court ruling would subject the owners to a heavy fine if the plates were not bought in the county of the principal office, the smaller counties lost all of this business for this year. The legislature now has a bill pending to correct this court decision, but no action was taken in time to save the smaller counties for 1937.

The State Highway patrolmen were instructed to warn owners to buy in the county of their residence since the state received a large portion of the fees in the large counties, while all of the license plate money is kept by the smaller counties for road and bridge purposes.

### High School Band Will Enter State Contest at Pampa

The Canyon High School Band will enter the Northern Division of the Texas School Bands Contest at Pampa on April 23.

The band is entering Class C this year, one division higher than the one entered at Amarillo last year. The required number is "Sir Galahad Overture" by Hildreth. The selected number is "Ponora Overture" by Holmes, and the selected March is "Little Giant March." In addition to these, the band will also enter the sight reading contest.

Two Canyon High School band members, Hudson Prichard and Grant Sharman have been chosen for the All-State band which will play a concert on the night of the 24th at Pampa.

On next Monday night, the 12th, the Canyon High School Band will play the contest numbers in a concert here at the High School Auditorium at 8 o'clock. Everyone is urged to attend as there will be no admission charge.

### Scholastics Show a Slight Increase In Count Just Ended

The scholastic census which is just completed by S. B. Orton will show a slight increase of 17 over the census of 1936. The total for the year amounts to 715 as compared with 698 last year. The state pays the district \$19 for each child of scholastic age which is enrolled.

Judge Burney Slack has not received reports from the common school districts of the county in order to indicate the number which has been enrolled.

#### MARION HIGDON GIVES 29 BOOKS TO LIBRARY

Marion Higdon has donated 29 books to the Randall County Library. The books are largely valuable reference books, according to Mrs. S. D. Burton, librarian.

A large number of new books have been ordered and should be available to the patrons of the library by the middle or end of next week.

### Three Trustees Are Named Saturday In Very Light Ballot

Only 89 votes were cast Saturday in the election for school trustees which was held in the Canyon Independent School District. G. W. Cox was re-elected, while Dr. Harris M. Cook and Dr. E. J. Cundiff were added to the board of trustees. These three were the only names on the printed ballots.

The election was practically unanimous for all three candidates.

### Park Opened Free Next Sunday For Inspection Trip

Owing to the snow of last Sunday, the OCC celebration of the 4th anniversary of its establishment was not held. However, about 100 cars drove to the Palo Duro State Park late in the afternoon.

W. T. Taylor, manager of concessions, has secured the approval of the State Parks Board to open the park free to the public next Sunday and urges all of the people of the Panhandle to visit the park on that day.

The great improvements which have been made during the past few months under the direction of Supt. Wm. Anderson are of great interest to the people of this section, states Mr. Taylor.

It is expected that the largest crowds in the history of the park will take advantage of this occasion if the day is pleasant.

### Fathers, Mothers To Be Guests of W. T., on April 21

On April 21st W. T. will observe Teachers College Day as proclaimed by Governor James V. Allred.

April 21st has special local significance, for it was on this date 21 years ago that the present administration building of the college was dedicated, and the two years which the college had carried on in shacks was ended.

Fathers and mothers of students will be honored guests at this San Jacinto Day Program, and it is hoped that April 21 will be permanently adopted as Fathers and Mothers Day at the local college.

The program for the day is being worked out by a committee with Dr. H. B. Carroll as chairman. Members are: Miss Mary M. Brown, Miss Darthula Walker, Mr. Wallace R. Clark, and Miss Jean Moore.

Ray Nichols of Vernon and R. A. Stuart of Fort Worth will be the principal speakers of the day.

### Two Local Men to Be Employed at New Postoffice

Civil service examinations will be held on April 21st for the employment of two men in taking care of the new postoffice building in Canyon.

A fireman-laborer will be employed full time at a salary of \$1260 per year. Age limit is between 20 and 55 years.

The other position is part time, 4 hours per day at 50 cents per hour, unskilled. The age limits are 18 and 40 years.

Application blanks may be secured at the postoffice.

### Patrick and Sheffy Request \$5,000 For Support of Museum

W. H. Patrick of Clarendon, president of the Panhandle-Plains Historical Society, and L. F. Sheffy, secretary of the association, appeared before the legislature Thursday to request \$5,000 annually for the support of the Museum.

Time was given the two men to show the needs of the institution, and many facts regarding the institution.

Dr. J. A. Hill was with the committee at the hearings. Dr. Hill presented the budget for W. T. for the coming two years. He was recalled to Austin Tuesday night to assist further in the preparation of the appropriations bill which will be acted upon before the end of the regular session.

### Congress to Pass Soil Bill Favoring "Dust Bowl"

\$5,000,000 to Stop the Erosion for Two Years Is Planned by Congressman Marvin Jones

Randall county has been placed in the "dust bowl" under a special act which was started in Congress Monday.

The following is an Associated Press dispatch from Washington regarding the program:

Government farm officials instituted today a \$5,000,000 emergency benefit payment for the nation's dust bowl.

Farmers in 90 counties will be offered funds for measures intended to control soil blowing.

The payments will be made from the \$500,000,000 agricultural soil conservation program awaiting approval in Congress, but will be in addition to the regular AAA benefits.

H. R. Tolley, administrator of the federal farm program, said the special program at most could help the situation only for this season and next.

"It offers farmers of this region an opportunity to check soil blowing until a more permanent solution can be worked out," he said. "The plan is not offered as one which will end dust storms."

The program will be effective in 48 counties in Texas, 18 in Kansas, 10 in New Mexico, 8 in Colorado, and 6 in Oklahoma, although additional counties may be designated.

Payments will be made for special cultivation on crop land sub-

#### PLANT MANY TREES

Wayside Park on Tierra Blanca Will Be One of Most Attractive in This District

The State Highway Department is spending \$57,000 on the program of improvement in the vicinity of Canyon and will spend at least \$100,000 before the first of July in this work.

WPA is furnishing 400 men out of Canyon and Amarillo, who are working in two shifts of 200 men each.

Citizens of Canyon who have not inspected the work in progress will have a pleasant surprise when the program is completed. Engineer E. H. Gohmert is in charge of the work, and took a News reporter on a tour of inspection Monday afternoon.

Just now the principle work is being done south of Canyon in widening the paving and beautifying the wayside park on the Tierra Blanca. This will be one of the largest picnic units that has been established in this district by the State Highway Department.

### Work to Begin on New Well at Cemetery This Week

At the meeting of the Cemetery Association Saturday of last week, plans were completed for the drilling of a new well at Dreamland Cemetery, with Cecil Bible donating the use of his drill and Thompson Hardware Company donating the use of a tractor. The Association assumed the indebtedness of \$100 for pipe and casing in the well.

As the membership in the association is small and the dues are only \$1.00 per year, it is evident that subscriptions from other sources are necessary if this bill is to be paid. The Association makes an urgent appeal to the public for donations to go toward this incidental expense of the Cemetery improvement and upkeep.

With the completion of the new well the beautification committee will be able to plant trees along the driveway of the new unit. Those having plants to contribute for filling the flower beds are asked to call Mrs. Clarence Thompson.

### Soft Ball League To Be Organized Friday Evening at 7:30 p. m.

All those interested in organizing a soft ball league in Canyon during the summer are urged to attend a meeting Friday evening at 7:30 o'clock at the Canyon Hardware. The soft ball teams have been the center of much interest here during the past two years and it is expected that a large number will be out for organization tomorrow evening.

#### O. L. COLEMAN HAS ARM BROKEN ON SHIP BOARD

O. L. Coleman is in the government hospital in the Panama Canal Zone as the result of a broken arm.

He slipped on the stairway of the ship when he and Mrs. Coleman were starting home from a trip to Panama, and will be detained for three weeks.

Dr. E. J. Cundiff has bought the Black home, Sixth Avenue and 10th Street, now occupied by Mr. and Mrs. James Cole. Possession will be given next month when the two families will exchange houses.

A funny re-districting bill is pending in the legislature, having been approved by the House committee. The Representative districts are made starting in East Texas and ranging on west until the last district is formed, composed of Dallam, Hartley, Oldham, Deaf Smith, Parmer, Castro and Randall. What a district! What a district! Just how the mind of any man could conceive of such a district is hard to determine, excepting for the fact that every county left over was bundled up for the last district, regardless of location. Such a district would be 150 miles, north and south; and 80 miles wide, east and west, from Randall to the western border. The people of this county like the citizens of Dallam county might well, but when it comes to forming a Representative district that large, it is simply out of the question. Just think of the campaign expenses of the candidates who would make the race from a district that size, and consider just how little the one who is elected would be able to visit among the people whom he seeks to represent at Austin. Please, Mr. Legislator, fix up a district which is not so lop-sided, and badly proportioned, as the one which is recommended in this bill.

A member of the legislature mails out letters asking people to swamp the law-makers with post-cards asking for the repeal of the poll tax law. Just why should the poll tax be repealed? The money goes to the school fund, and certainly no one in Texas wishes to deprive the school children of any of the money which is needed for the schools. If the poll tax receipt is abolished, then some other form of identification for voters must be provided. The expense of such a system would come out of the pockets of the taxpayers, without any return to the school children. While many people cannot see the justice of a poll tax receipt so far as voting is concerned, some system must be maintained, and the poll tax receipt is as good as any. Furthermore, there are many people in Texas who pay no other tax than a poll tax. Certainly these people should be willing to support their government to the extent of \$1.75 per year.

Decisions of the Supreme Court last week were hailed by both the opponents and friends of President Roosevelt's court bill. Both sides claim a victory by these decisions. How can that be true? Only by the imagination of men seeking to interpret official acts for their own convenience! Opponents to the court bill state that the Supreme Court demonstrated that there was no need for a change; Senator Robinson, spokesman of

the administration, charges that the Supreme Court in reversing its former decision has shown itself to have an ear to the ground, and that its attitude is shown to be unsound. According to the best reports in Washington, the Senate will pass the court reform bill in June; the House will pass the bill about two weeks later; the President will appoint the new members in August, and the Senate will affirm the appointments during September.

Governor Allred challenges the legislature to pass the bill repealing race horse gambling. He charges that the biggest ring of dope peddlers follow the races. Doping horses, and otherwise throwing races in order to swindle those who bet is a well known game on the track. Furthermore, those magnificent plants which are boasted to be worth millions of dollars are found to be paying practically no taxes. Arlington Downs is reported by the owners to cost \$5,000,000, but it is rendered for taxes at \$125,000. How does that set with the poor devil who only owns a house valued at \$1,000 and is assessed \$800 to \$900 for that little home? The race horse crowd cannot be trusted excepting for one thing—to extract hard-earned coin from the poor unsuspecting suckers who bet on the ponies.

Congratulations are certainly due Dr. R. A. Neblett for his plan to build a modern hospital in Canyon. The county has needed such an institution for a long while. It has always been felt that a privately owned hospital has a much better chance for success than a publicly owned institution. Dr. Neblett shows his confidence in the future of Canyon by making a large investment in the hospital. It is seldom that an institution erected for the benefit of the public is established without aid from the people of the community. In the instance of the hospital, this fine institution will be erected without the people giving a single thing, except the good will of all citizens who desire to make Canyon a better place in which to live.

Governor Allred has warned the sit-down strike organizers, who are said to be in Texas to organize the oil industry. Every facility that the state government has will be used to oppose a sit-down strike should one be called. Lewis, the big boy who fathers the sit-down movement, has been too successful in the automobile strikes. This success has gone to his head and he feels that he can handle any

of the important industries. Just how far Lewis can go against the will of Governor Allred, and how successful he will be in handling the more or less independent and scattered oil field workers is yet to be seen. Lewis refuses to fool with small fish, and the oil industry is one of the largest in the world.

Scrap iron is very valuable these days, and is being gathered up and shipped to the war-minded nations. Buyers are chasing over the country buying it from unsuspecting people at their own price, which is the proverbial song. The difficulty is that once the buyer starts loading junk iron from the farm, he usually succeeds in swiping good tools and farm implements. Farmers over the nation have complained at the loss of valuable implements by this class of buyers.

The people of Texas were surprised when congress passed the \$3,000,000 appropriation to assist in putting on the Texas Centennial celebration last year. In fact congress was asked for about twice as much as the most confident thought Texas would get. Now that Texas fared so well, New York is asking for \$5,000,000 from congress to put on a show in 1939. These big shows certainly cost money—both from the standpoint of production, and from the standpoint of those who visit the shows.

Two prominent business men were discussing the proposed court change the other day. One said he had attempted to study the question to see whether the proposed change would hurt the people of the nation, but could find nothing wrong with the President's program. The other one stated that since all the lawyers were opposed to the proposal the President must be trying to help the common people.

Wasn't that snow Sunday a dandy? Panhandle folks are highly elated over the condition of the wheat, and with continued favorable weather a real crop will be raised this year. The northwest-

ern section of the Plains did not receive sufficient moisture to warrant much enthusiasm over wheat, and dust will still blow in that section. But conditions this spring are definitely an improvement over 1935 and 1936.

Office holders of states, counties and cities collect from the public in salaries more than two billion of dollars annually. No income tax is collected from these salaries. Why not? If these people were working in their own businesses, they would certainly pay an income tax. Usually the salaries paid public officials are more than they could secure in private enterprises or they would not seek so hard to work for the public.

Supposing the United States were divided into about 25 or 30 independent nations, all armed to the teeth and just aching for some one to start a war, and you would have a picture of Europe today. England holds the key to the situation. The nations are pretty well lined up, excepting Italy, but England stands aloof hoping to keep the boat from tipping over.

Who said the dust did not blow back in the good old days? Ask any of the old timers. Worth A. Jennings states that 42 years ago Monday the dust was so thick he could not see, and very little land was under cultivation at that time. He remembers the date very distinctly, as the wind changed to the north and snow blanketed the Panhandle that night.

Teachers College  
Day For April 21

Governor James V. Allred Sunday issued a proclamation to establish San Jacinto Day, April 21, as Teachers College Day, to be observed by an annual celebration on the campus of each of the seven Texas State Teachers Colleges in commemoration of the founding of the system fifty-eight years ago on April 21, 1879.

On that date, another Texas Governor, O. M. Roberts, signed a bill appropriating \$6,000 for the establishment of the first state teacher-training institution at Huntsville. From that small beginning has grown a system of seven modern colleges with a total regular enrollment of more than 8,000 students.

On April 21, each of the State Teachers Colleges will observe simultaneously the 58th anniversary with special programs depicting the growth of the colleges.

Michael Scully, noted author and former newspaper man, was named recently by the State Board of Regents to plan the gigantic San Jacinto Day observance. Scully has been making a tour of the colleges gathering material and aiding in planning the program. Dr. H. B. Carroll has been appointed by President Hill to head the

local committee in charge of arrangements.

Governor Allred's proclamation Sunday established April 21 as the date of an annual observance of the founding of the teacher-training system, officially proclaiming this day as Teachers College Day.

## New Kind of Dog; a Puli Puppy

If you've never seen a dog like that Miss Genevieve Johnson of Houston, Tex., is holding, don't be alarmed. They're rare dogs. In 1935 the U. S. Department of Agriculture imported four Hungarian Puli sheep dogs. Subsequently the Pulis were cross-bred with a chow, a Scotch terrier and a police dog. Above is Ajax, a pure-bred Puli puppy. The Pulis are of medium size with curly, silky hair.

Trends in Childhood Education," was developed on the lecture platform and through study groups and significant changes in administration and practice in elementary schools were evaluated, Miss Lowes said.

The group from here was accompanied by Miss Annie L. McDonald of the Amarillo schools. They visited at Brownsville preceding the conference.

## Editor Discusses Unicameral Plan In Class Friday

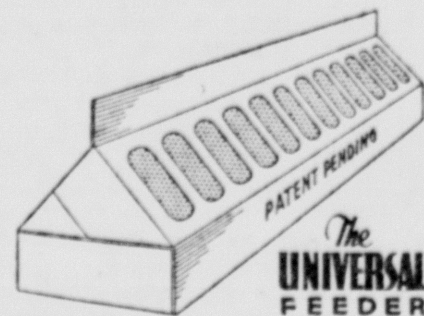

Clyde W. Warwick, editor of The Canyon News and formerly a member of the Texas Legislature, addressed a class in State government under S. H. Condron Friday afternoon, discussing his experiences in the legislature and the merits of the unicameral system in state government.

After tracing the procedure of legislation through the two houses, Mr. Warwick entered a discussion of a possible change from the bicameral system to a single house.

"While I am personally in favor of the single house," Warwick told the class, "I do not think this is the right time to change. However, Texas, with all her problems, needs a full-time legislature on a full-time salary. The unicameral system, making this possible, would eliminate lobbying and 'passing-the-buck' from one house to the other.

"The legislature would be more deliberate than under the present system," Warwick continued, "and more orderly and effective committee work would be possible. Finally, the single house system

## ON TOUR OR IN TRAFFIC BE MERRY WITH YOUR ENGINE OIL-PLATED

You can laugh off your old doubts about warm-weather engine oiling, because Oil-Plating is so terribly hard to rub off, scrape off or burn off. Here's one form of lubrication which is not a mere shifting temporary oil-film. For in addition to the normal moving type of film, vastly strengthened, Conoco Germ Processed oil forms a stationary Oil-Plating.

The explanation is that patented Germ Processing makes this oil really plant itself on bearings, shafts, and upright surfaces too, such as cylinder walls. Not even the good old Law of Gravity can make Oil-Plating drain down. It's

always up there all the while your car is parked, or showing its heels in the open. None of that much-mentioned starting risk for you... No anxious eye on the heat indicator... Lots longer between drinks of oil, in your old or new car, with its engine lastingly Oil-Plated by Conoco Germ Processed Oil. Continental Oil Company

## WEST SIDE CLUB HAS ALL DAY QUILTING APRIL 2

An all day quilting and covered dish luncheon was enjoyed by members of the West Side Home Demonstration Club when they met at the home of Mrs. T. A. Dowlen on Friday, April 2, in regular meeting.

At the short business session the Council report was given by Mrs. J. J. Wright, and the Plainview dairy show was discussed. Mrs. Ed Bourn gave a report from the social committee, and Miss Kitty Burrus was elected assistant reporter.

Mrs. W. C. Roberts gave an interesting talk on emergency food shelves, stressing the importance of well filled shelves for peace of mind when unexpected company arrives. Games and contests were held during the afternoon.

Those present were Mrs. G. F. Whitman, Mrs. L. H. Holman, Mrs. J. J. Wright, Mrs. E. Bourn, Mrs. Joe Baber, Mrs. B. A. Burrus, Mrs. W. C. Roberts, Mrs. Joe Tuck, Mrs. J. M. Carruth, Mrs. J. W. Bourn, Mrs. Lena Tuck, Mrs. Votie Winn, Mrs. J. A. Smith, Mrs. Tony Burrus, Mrs. E. N. Zachry, Mrs. Lavert Avent, Mrs. John Hunter, Miss Kitty Burrus, and Mrs. F. E. Stockhaus.

An afternoon meeting will be held with Mrs. J. J. Wright on April 16.

## MRS. GUY PIERCE HAS MOTHER-IN-LAW CLUB

Mrs. Guy Pierce acted as hostess to members of the Mother-in-Law Club last Thursday afternoon, when twenty-one members were present for the monthly meeting. Mrs. M. M. Wester was taken in as a new member.

Mrs. C. Shuman and Mrs. F. M. Munson assisted Mrs. Pierce in serving sandwiches, cookies, coffee, and mints to those present.

The next meeting will be with Mrs. R. T. Bowman.

## PARK CLUB STUDIES BETTER KITCHENS

Ample storage space for food, cooking and cleaning utensils was stressed by Miss Allie Dozier as a requisite for a convenient kitchen, when members of the Park Home Demonstration Club met last Thursday at the home of Mrs. Owen Turpin.

Different shelf widths and spaces between the shelves can be arranged so as to utilize all the space in a cabinet. This makes it possible for everything to be in sight and eliminates much of the disorder in a kitchen cabinet, as pointed out by Miss Dozier.

Entries for the Plainview Dairy show were discussed, as several members plan to attend.

Members present were: Mrs. Frank Winters, Mrs. Ivan Pitt, Mrs. John Ladehoff, Mrs. J. E. Park, Mrs. A. H. Simon, Mrs. Leslie Raymond, Mrs. Mamie Sherer, Mrs. O. E. Sherer, Mrs. Wilbur Wagner, Mrs. C. F. Moore, Mrs. Frank Simon, Mrs. W. E. Bennett, Mrs. Chas. Thurmon, Mrs. Elmer Winters, Miss Dozier, and Mrs. Turpin.

Visitors were Mrs. Henry Burch, Miss Elizabeth Burch, Mrs. Clarence Winters, Miss Alma Gindlesburger, and Mrs. Venable.

## MRS. CLEAVINGER HAS AUXILIARY TUESDAY

Ladies of the Presbyterian Auxiliary met Tuesday afternoon in the home of Mrs. M. E. Cleavinger with Mrs. W. H. Bessie having the Devotional. Mrs. Harvey Cash led the mission study assisted by Mrs. Ed Harrell and Mrs. M. A. Biggers.

Members who had adopted Missionaries for correspondence gave reports of their work, which was followed by a short business session.

Refreshments of pie and coffee were served to seventeen members present.

## A. A. U. W. MET AT HOME OF MISS JENNIE C. RITCHIE

The American Association of University Women met at the home of Miss Jennie C. Ritchie Monday evening, April 5th.

Interest and enthusiasm was manifest in the various group discussions as follows:

Miss Mary Moss Richardson discussed the subject "Personality and Leisure," while Mrs. Laura Saunders' subject was "Helping to Develop Personality in Boys and Girls." Both of these talks were given to the group which studies "Personality Development."

Mrs. John Davis reviewed the book, "Beloved Friend," by Catherine Drinker Bowen and Barbara Von Meck. This is the story of the peculiar friendship of Tchaikovsky and Nadejda Von Meck.

The International Relations Group, with Miss Darthula Walker as leader discussed "Reciprocity Between the United States and South America."

The Dance Group, with Miss Ocie Sanders as chairman and Miss Jean Moore, Mrs. T. V. Reeves and Mrs. Mitchell Jones as leaders of discussions, studied "Dance Personalities." Ted Shawn, Ruth St. Dennis, Mary Wigman, Charles Weidman, Isadore Duncan, Dorris Humphrey and Martha Graham Goya were interesting personalities that were studied.

The hostesses for the occasion were Miss Helen White Moore, Miss Jean Moore, Mrs. Winfield Miller, Mrs. A. W. Hawks, and Miss Ruth Lowes.

## MRS. B. A. BURRUS HONORED AT CLUB AFFAIR WED.

Wednesday afternoon of last week, Mrs. J. J. Wright, Mrs. Tom Gooch, and Mrs. J. E. Hunter entertained members of the West Side Club and specially invited guests at the home of Mrs. Hunter, honoring Mrs. B. A. Burrus of the West Side Club.

Mrs. Gooch conducted a variety of interesting games throughout the afternoon.

An attractive color scheme was carried out in the refreshment plate of ice cream and individual iced cakes.

Those enjoying the affair were: Mrs. B. A. Burrus, Mrs. Henry Meyer, Mrs. Albert Meyer, Mrs. E. Gidden, Mrs. I. B. Carruth, Mrs. Lonnie Byars, Mrs. Clarence Bauer, Mrs. John Jennings, Mrs. E. A. Michael, Mrs. Gene Root, Mrs. N. E. Root, Mrs. E. H. Albers, Mrs. Art Albers, Mrs. A. B. Holt, Mrs. S. J. Burrus, Mrs. Wm. Ash, Mrs. J. L. Slate, Mrs. Ed Bourn, Mrs. L. D. Winn, Mrs. Pat Baber, Mrs. Joe Baber, Mrs. Lavert Avent, Mrs. Tony Burrus, Mrs. J. A. Smith, Mrs. J. M. Carruth, Mrs. W. C. Roberts, Mrs. George Beedy, Mrs. C. L. Gordon-Cummings, Mrs. E. N. Refreshments of ice cream and cake were served to Mr. and Mrs. T. C. Gooch, Mr. and Mrs. Clarence Bauer, Mr. and Mrs. Carl Schroeder, Mr. and Mrs. Lonnie Byars, Mr. and Mrs. R. A. McMullan, Mrs. Myrtle Schroeder, Mr. and Mrs. Persons, and two guests Miss Vera Carter and Miss Viola Jenkins of Pampa.

## MRS. G. C. COLE HAS BLUEBONNETS FRIDAY

Mrs. G. C. Cole was the pleasing hostess Friday afternoon when the Bluebonnet Needle Club members were entertained at her home. Needle work of various kinds was the diversion for those attending.

Refreshments of pineapple ice cream with coconut cake were served to Mrs. Merton Myers, Mrs. Fred Mye, Mrs. Tom Brasher, Mrs. R. E. Ball, Mrs. George Small, Mrs. Levi Cole, and Mrs. M. E. Rhoads, special guest.

Loretta Cole assisted her mother in serving.

## HUDSPETH IS HOSTESS TO COLLEGE DAMES

Miss Mary E. Hudspeth was hostess to the College Dames Club at their annual guest-day tea Friday afternoon.

Mesdames J. Dan Archer, J. A. Hill, F. M. Munson, P. L. Walters, J. W. Gordon, Miss M. Moss Richardson, Miss Florence McMurry and Miss Mary E. Hudspeth were in the receiving line.

An attractive arrangement of white candles in tall graduated bronze candelabra and shaded lights lighted the entertaining suite.

Mrs. M. C. Tomlinson presided over the hand painted guest book which was presented to the hostess.

The dining table was laid with an imported embroidered linen cloth and centered with pink hydrangeas. The sandwiches, cookies and tiny gherkins carried out the color scheme of green and yellow. A silver service was used. Mrs. J. A. Hill and Miss Florence McMurry poured. Mrs. P. L. Walters, Mrs. W. E. Tandy, Mrs. Charles Harter, Mrs. A. B. Hays, Miss Sarah Beth McGehee and Miss Cora Lee Tandy assisted with the serving.

VOL. NO. 11.

CANYON, TEXAS, APRIL 8, 1937.

NUMBER 29

Cactus Cal

Howdy, Folks,  
Boy, were there pretty red faces shining in the halls of Canyon High School the other day, after every one exposed his pan to Mother Nature's sun. Of all the soreness and the lack of energy—well, I guess you kids must of had a good time.

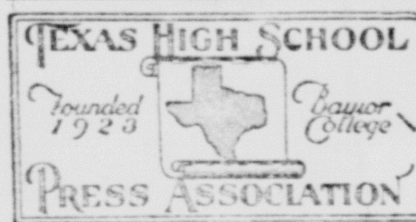

Well, Canyon boys and girls, you had better watch out for all of the kids that do come to Canyon, such as those Amarillo boys, and Dimmitt and Tulia girls and even Hereford boys.

What's this I hear about Coach Hutto at Mule Day in Amarillo? I overheard a conversation and somebody said he was up there. Well, I scratched my head and thought and thought how could he be up there and here too; so up I goes and asks if he was really there. Dean said he was up there in a pen eating hay.

Well, so long till we'll meet again.

—Cactus Cal.

P. S. I hear the faculty's going to give a real "meller-dramar" to help send the Press Club to Austin. Believe me, I'm going to see it.

## EAGLE'S TALE STAFF

Editor-in-Chief—Mary Collins  
Managing Editor—C. L. Drummond  
Sports Editor—Sherman Higdon  
Business Manager—John B. Pope  
Exchange Editor—Jean Slack  
Faculty Sponsor—Pauline Crittenden

Greenfield, Wanda Brock, Natalie Flesher, Anne Maxwell, Marielle Oldham, Carolyn Mayfield, Alta Fly, Jack Inman, Bulah Brasuel, Margaret Stewart, and Melvin Callihan.

## SENIORS KEEP GOING

The senior class of the school leaves every year for summer vacation; but unlike the other classes of the school, it does not return at the fall term.

After tomorrow, the seniors have only five more weeks of school and have much more work than any other class in the school to complete before their graduation. If you are a senior and are having a hard time passing your grades, you had better get down to work; for this last five weeks is going to be full of outside activities and it is going to be hard to keep up with the school work when there is so much fun and other outside activities going on. For instance, there is the senior trip to Carlsbad or elsewhere, the senior play, senior kid day, graduation to prepare for, invitation cards to send out, caps and gowns to order, and several other things to do in only a few weeks. It is going to be hard to keep up the work in school and keep up with the class activities, but all the seniors want to graduate; so those who are behind in their work should get to work and finish along with the rest of the class and not fall and be "a man without a class" in Canyon High next year.

For an average of eleven years, the various members of the senior class have gone to the school and now comes the time when they are ready to leave. Some do not like the idea of leaving, but don't want to stay when the other members have gone, while some are relieved to get out.

So in spite of the enormous amount, the seniors should pass their work and graduate with the rest of their class, and the class as a whole should organize more thoroughly and do something for the rest of the classes to remember them by.

## "TO BOP" OR NOT TO BOP"

Have the students of Canyon High School gone crazy? People wonder what is happening up here, since they go around hollering "Bops," "Rinktums," "Pokes and no returns," or "Double returns; and after that they hit three times as hard as they can.

It has come to the point where everyone is afraid to wear anything new to school or to town. Boys are afraid to get a hair

## Press Club Will Sponsor Faculty Play Entitled "The Drunkard"

### F. F. A. Club Will Go To Lubbock

Canyon High School will make its initial debut in the annual agricultural contest to be held in Lubbock, Friday, April 9. Fifteen members of the F. F. A. Club will go to Lubbock today to take part in the various contests that are to be held there tomorrow.

Canyon High School will be represented in the following contests: Farm shop contest, plant husbandry, and dairy products contest. Those to be entered in the farm shop contest are Lavert Avent, Bill Bewley, Tom Harris, and Barnett Ball. Teams for the other contests will be selected by their rating in intra-class contests.

Judging will start at 8 o'clock Friday morning. This contest, an annual event at Lubbock, attracts teams from all over the Panhandle each year.

Mr. Milton Morris, vocational agriculture teacher, says, "I think we have a good chance to make at least a good showing, even though it is our first time to enter."

## Among the Exchanges

"The meeting it was sudden;  
The meeting it was sad;  
She gave her young life,  
'Twas the only life she had.  
The clover on the hillside,  
Is growing o'er her now,  
And that is what will happen  
When a freight train meets a cow."  
—Panther's Scream, Panhandle.

### Editor's Lament!

They find fault with the editor,  
The stuff we print is rot;  
The paper is about as peppy  
As a cemetery lot.  
The paper shows poor management;  
The jokes, they say, are stale,  
The upperclassmen holler;  
The underclassmen rail;  
But when the paper's printed  
And the issue is on file  
If someone missed his copy  
You could hear him yell a mile.  
—The Crane.

### How to Keep Warm:

1. Wear fleece-lined drawers.
2. Drink hot coffee with cream and sugar.
3. Drink hot coffee.
4. Drink.
5. Get a heater—either blonde or brunette will do.

—Campus Chat.

"I fell down the stairs yesterday  
with two pints of whiskey."  
"Did you spill any of it?"  
"No, I kept my mouth shut."  
—Campus Chat.

Reading a book a week will  
probably mean an education in  
time. Try it.

In the interest of tolerance it  
might not be amiss to point out  
that the other fellow's way of  
thinking might possibly be correct  
and you might possibly be in error.

### GUESS WHO

cut for fear they will be "bopped"  
by practically every one in the  
high school.

Even the teachers are not immune.

So here's a notice to students:  
"Let's be careful who we try this  
new fad on. People not in our  
school do not understand what we  
mean, and they might get the  
wrong impression."

### DO YOUR PART

In assembly last Wednesday a  
new plan, the round-table discus-  
sion, was carried out. Why did  
not more students take part to  
make this a success? You will  
never get anywhere in life if you  
do nothing.

Soon we shall have another discus-  
sion and everyone should take  
part. We are putting on these  
discussions for your benefit. Mr.  
Pope and about four others con-  
tributed something to the discus-  
sion the last time. Each of us  
should take it upon himself to  
contribute something to the discus-  
sion next time. Let us each  
encourage these discussions, for  
they are for our own benefit.

## To Miss Goodrich

To Miss Lois Goodrich, who for the past few weeks has been in the French Hospital in New York, and who was our journalism teacher last year, we, the students of Canyon High School, want to dedicate this issue of the Eagle's Tale. To you, Miss Goodrich, we are wishing your speedy recovery and are looking forward to the time when you will be back in Canyon and with us again. The school misses you, and the Seniors are needing you at graduation time.

## Home Ec. Yearbook Sent to Austin

A yearbook for the home economics club has been compiled and sent to Austin for the contest. The book was collected by Mildred Shuman, Marielle Oldham, Beulah Brasuel, Ruth Gill, Martha Carlee Wirt, Margaret Stewart, and Miss Fannie Sue Brasuel. The club was also sent.

The yearbook contents were as follows:

Frontispiece—Old T-Ancher Ranch House (first home in Randall County.)

A Girl's Creed—Grace Noll Crowell.

Objectives.

Year's Program.

Year's activities through The Eagle's Tale.

Souvenirs of the Mother-Daughter banquet.

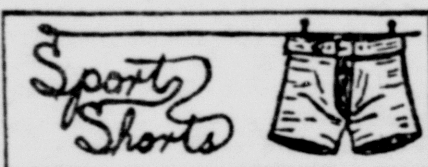

Souvenirs of the State and District rally.

Souvenirs of the "Mystery of the Masked Girl"—(Club play.)

Our club project.

Our club's favorite songs.

This book was prepared in order to help the officers and members of next year's home economics club.

Well, folks, we all knew that our high school faculty ball team could lick the ears off those businessmen. Those who starred on the faculty were Coach Morris, Coach Brown, Mr. Stephenson, Mr. Sanders, and Mr. Beck. Although there were many time-outs during the game, it proved to be exciting when the game drew to a close. The game ended with the score in favor of the faculty.

Since the weather has become warmer and summer is almost upon us, football and track are in full swing. Neither group is letting grass grow under its feet.

The football and basketball lettermen have really been giving their sweaters an exposure to the public the last two weeks. Those sweaters are something to be proud of.

The latest news about Coach Hutto is that he has said that he wants to reduce. The football boys can give him a few work-outs. Good luck and smelling salts to you, Coach.

## Sub freshmen Hold Style Show

The sub-freshmen had their Home Economics Style Show Tuesday afternoon, March 30. The judges were Sybil Gidden, Mamie Smith, Miss Orpa Dennis, and Marielle Oldham. Mrs. Gore was a special guest.

Dorothy Jean Heath placed first, Iris Blewett second, Norma Lee Black third, Charlene Henderson fourth, and Mary Zachry honorable mention.

Dorothy Jean's dress was a bright blue sailor type, trimmed in white braid with white emblems on the collar. Iris' dress was a pale blue printed with white daisies with yellow centers.

There were twenty-four members in the sub-freshman home economics class.

### BOOK REVIEW

"High Benton," by Heyliger, is an excellent book concerning school and a boy's feelings. If you do not like school and wish to leave, read this book and your opinion will change.

This book tells about basketball, football, and other things of school that will interest teachers and pupils alike.

"The Boy With the U. S. Survey," Some of you are interested in geology and science. This book gives true adventures of men who have helped to develop the country. This book not only is interesting to read, but it makes you think about your future vocation.

## The Cake Walk Friday Night Proves A Great Success

At a glance could be seen cakes galore, prizes of all colors and sizes. At another glance all of them were gone, and the cake walk was over. It happened Friday night after the ball game between the Hot Shots and the Professors.

The Seniors brought the cakes and the merchants donated the prizes. The Seniors totaled \$31.65 from the cake walk. Carolyn Mayfield was chairman of the committee and acted as master of ceremonies; the other members of the committee were Mary Collins, Melvin Callihan, Odell Miller, and Evelyn Cluck.

Before the cake walk, the business men, known as the Hot Shots, and the faculty, known as the Prof., played a hussle and tussle ball game. The stars for the Prof. were Professors Gerald Brown, Milton Morris, and Milton Sanders, but Stephenson and Beck did their share for both the fans and the score.

Brown's free shot started the game going, and then a runaway crisp shot was made by Sanders. The Hot Shots came into view with little Henderson scoring the first two points for his side. Lee Foster hooped three goals in succession; again the Prof. scored with Stephenson making a long goal. At the end of the first quarter the Prof. Squad let the Prof. know they were there.

To start the second quarter rolling, Lowes shot a long one, but missed. Stephenson found the goal for two points, then followed it up with a miss. Beck intercepted a pass, but somehow he let ball roll to the wrong color. That was where the combination of Brown and Morris went to town, with a pass from Brown. Morris tolled up two more points to the Prof. credit. McDaniels for the Hot Shots put a long shot through for the score and followed it with a crisp shot. Then again the Morris-Brown combination made the score higher for the Prof.; this time Brown made the shot.

McDaniels called time out for the Hot Shots. After Brown's free shot fell in, the whistle blew for half time, with the score 8 to 11 in favor of the Hot Shots.

Then the Morris-Brown combination worked again, with Brown making the goal. The third quarter ended 13 to 11 for the Prof.

Starting the fourth quarter, both sides had the scoring fever. Morris started with a one-handed shot. Then a dog-pile occurred next, with Morris on the bottom, and Brown and Lowes on top. Then a game of croquet started with Beck's legs as brackets. The game ended 29 to 21 in the Prof's favor.

The Seniors wish to express their appreciation to the business men of the town for giving their co-operation in making the cake walk a success.

## Candidates Chosen For Stunt Night

Class candidates for King and Queen of Canyon High School were chosen last week. The contest will begin next week and the candidates winning will be crowned on Stunt Night, to be held late in April.

The candidates are Kate Donnell and Thomas Harris, seniors; Marie O'Donald and Billy Sternberg, juniors; Sue Terry and D. A. Butler, sophomores; Mary Bourn and Billy Joe Hunter, freshmen.

The sub-freshmen have not yet chosen their representatives. The various clubs will begin work next week on their stunts. A general admission of 10 cents will be charged.

### GRADE NOTES

The Grade School library has twenty-three new books. Some of them have arrived and some are coming in a second order. The Parent-Teacher Association gave the money for them. When the second order arrives, the library will have the entire set of John Newberry Ward's books.

Grade 6-B under the direction of Miss Belva Cain, gave a play entitled "Punctuation Marks" in assembly Tuesday. The entire English class took part in it.

The 6-A arithmetic class under the supervision of Mrs. John M. Davis is building a house. When the construction is finished, they will figure the cost.

Crawford Ruthardt from East Texas has enrolled in 4-B.

Mrs. Isabel Cousins' fourth grade has finished the unit on foods and is taking up the unit on clothing and shelter.

Miss Gladys McClanahan's pupils in art appreciation recently compiled a booklet of their own original poems.

## District Debaters Are Chosen

Debating teams to represent Canyon High School in the District Tournament were chosen last Monday afternoon in a close debate between Mildred Shuman and Marielle Oldham, and Lillian Chambers and Shirley Ann Oliver. The latter were chosen as the girls' debate team, with Mildred Shuman as the alternate.

The boys' team was chosen during the last few weeks. It is Sherman Higdon and John B. Pope, with John Albers as the alternate. Shuman and Oldham won a debate over the Vega girls last Tuesday, while Higdon and Albers lost a two-to-one decision over the Vega boys, J. C. Turner and Norman Maddux. Their coach is Mr. A. R. Castleberry.

The girls' team tied a debate with Hereford last Tuesday night. The Hereford girls are Elsie Wilkins and Viola Phillips, and their coach is Miss Irene Crawford.

The Canyon teams will debate Hereford, Vega, and Amarillo during the next week.

The declaimers who are entering the District Tournament are Melvin Callihan, senior boy declaimer, and Kate Donnell, senior girl declaimer. The junior declaimer will be either Natalie Flesher or Renna Beth Bellah.

## Picnic Site Resembles Madhouse Holiday

"Bet I can beat you to the first falls."

"Hey, stop splashing the water on me!"

"Ah, here's a swell place to carve my initials—gimme a stick."

"Hey, don't take all of the cookies—we're hungry, too."

I guess you think this sounds like a bunch of maniacs turned loose, but really it's only a sample of what jabbering there is at a picnic.

There surely are a lot of nutty things that go on at picnics—for instance, ducking—er—teachers in fish ponds and wading with your shoes on, etc. . . . There are a lot of things one shouldn't do when he goes on a picnic (especially if the place is very large—and there are some good hiding places), and as your reporter is such a good philosopher, she's going to give you some swell rules to go by. (Maybe if you copied them down, you could remember them better).

### Rules:

1. Do not go wading with your shoes on.
2. Positively do not slide down a hill unless you have reinforced pants or slacks as the case (or sex) may be.
3. Don't go wading with a bunch of kids if you expect to keep your clothes dry.
4. Don't eat too many marshmallows and go swimming right away, or you will sink.
5. Don't carve your initials too many times on the rocks. Remember the old saying—"Fools' names and fools' faces always appear in public places."
6. Positively do not take onions on a picnic—as your boy friend may be along, and "onion breath" or halitosis isn't so good to smell.
7. If you little lovers decide to take a vacation (away from the world and international spies and onion eaters) don't stay away longer than four hours as it might look pretty bad.
8. You boys watch your language.
9. Everyone please be very careful who he ducks in fish ponds.
10. And last, but not least, don't go on a picnic once a year, walk twenty-five miles, and expect to be able to move the next day, because it's impossible.

Well, you ought to cut these out and memorize them, as they may be pretty good to use sometime. Be sure to learn them, and maybe you'll be as good a reporter and philosopher as this gentleman—er—lady turned out to be.

FOSTER, CLARK TO LEAD FACULTY DISCUSSION

Visual and radio education will be the topic of discussion for the faculty study club next Wednesday evening, April 14. Miss Annie Eastus will act as chairman.

Visual education will be discussed by Miss Jewel Foster, while Miss Grace Clark will discuss radio education.

Refreshment committee chairman will be Miss Ruth Greenfield, assisted by Miss Gwendolyn Black, Miss Belva Cain, and Mr. Milton Morris.

If you thing fascism can rule America try telling your wife that your first duty is to the State instead of her.—Louisville Times.

## Seniors to Present Charlie at H. S. April 23

Just keep your seats, folks; it will only be about twenty days until Charlie will be here. Have you found all the answers to those questions that were in the paper week before last about Charlie? Well, don't worry your brain about those questions; just be patient and come to the Senior play, April 23, and see Charlie, his friends, find out his age, know what he looks like, etc.

The Seniors have been practicing every night this week. Mr. H. G. Moore and Mr. Emil Hutto are directing the play.

Those taking part in the play are C. L. Drummond, Melvin Callihan, Sherman Higdon, John B. Pope, Jack Inman, Hardine Rogge, Betty Ruth Solomon, Marielle Oldham, Mavis Harden, and Billy Greenfield.

## Bowman Speaks to La Tertulia

Miss Fern Bowman, home economics teacher at W. T., spoke Tuesday on "Panama" to La Tertulia.

Miss Bowman taught in Panama for three years. While she lived there she had a chance to see many interesting American events, including the visit of President Franklin D. Roosevelt and the U. S. A. naval fleet. She brought back many interesting snap shots of the fleet at anchor in the harbor and pictures of the school at which she taught.

Some of the interesting articles brought back to the U. S. A. by Miss Bowman are a hand-carved leather pocketbook, a hand-painted vanity, many exquisite laces and linens, pictures of Panama, and last but not least, tales of Panama's beauty.

Miss Bowman also had some very interesting stories of Panama's legends, but due to the lack of time she was unable to tell the club of them. However, she left a book of legends to be read in class by Miss Foster.

## Classes Celebrate April Fool's Day

April Fool's Day was celebrated by the sophomore, junior and senior classes with an all-day picnic at the Methodist Encampment. The classes were transported by the three school buses to the grounds at 10 o'clock and came back to town at 5 o'clock. Refreshments consisted of wieners, buns, and trimmings, with marshmallows, cookies, and pop for good measure. Teachers sponsoring the classes were Coach Emil Hutto, Mr. Gerald Brown, and Miss Grace Clark.

The sub-freshmen and freshmen went on a joint picnic to Bourn's Creek. Each person took his own lunch and everyone had plenty to eat. Sponsors for these classes were Miss Mattie Jordan, Mr. H. G. Moore, Mr. and Mrs. Milton Morris, Mrs. John Hunter, and Mrs. Ray Campbell.

## Socrates, Actor, Has Trouble

Poor, poor Socrates! He really wasn't bad, but he caught a cold and has a bad case of pneumonia, during the last two weeks. However, we are very glad to say that Socrates is recovering rapidly.

Socrates will be remembered as having done many good deeds. Perhaps one reason that he has been feeling so badly lately is because Professor John B. Wise dropped him off the pier into the lake. Socrates was fortunate enough to be able to swim out. Another time Socrates barely escaped death when Professor Wise shot at him.

Socrates is the dog that was used in the Junior play, "A Poor Married Man." He will probably be able to act again in the play when it is given at Happy on April 16.

### WORTHY PROJECT CHOSEN

The Junior Homemakers have chosen as their year's project making clothing for a small Mexican girl. Materials and clothing were donated by the teacher, Miss Fannie Sue Brasuel and members. The club spent twenty-two cents on her clothing.

Three dresses and a set of underwear were made by the club members and several home economics classes. Pictures of this child were taken and put in the yearbook. The club members intend to plan and make a wardrobe for this girl and her small sister next year.

## Baggettmen Put Through Warm-up Workouts Tuesday

### Five Lettermen Leave Squad Through Graduation

Coach Al Baggett put his forty charges through a light limbering-up Tuesday afternoon in the first workout of spring training.

Five men are lost to the squad for next year by graduation. Captain Leo Jackson leaves his position at center, and the two terminals which were filled by Toby Waggoner and Vernon Johnson will be left open. Ezell Champion leaves a regular backfield position open, and George Caviness has vacated a guard post.

St. Marchbanks, captain of the 1937 Buff gridsters, sustained a knee injury last fall and is slowly convalescing. During preceding practice sessions he has been on the field to go through some of the lighter work.

Candidates for end positions include Buck Amburn, Ben Arthur, Milton Neilson, Raymond Shackelford, Lother Stephenson, Donald Kendrick, Ernest Schur, and George Taylor.

Seven aspirants have reported for the tackle positions. They are Doyle Bunch, William Harp, Gordon Murry, Randall Osborne, Craig Walling, Leon Williams, and Reese Nowlan.

At the guard positions are six contestants. They are Oscar Hinger, Monroe Horton, Pete Woods, Henry Fields, Forrest Paulkner, and W. M. Trigg. Captain March-

banks, Melvin Cullender, and Edwin Williams are the aspirants for the pivot post.

Backfield material includes Conway Butler, Lwood Dow, Joe Hayes, Blake Lyde, Tom Slack, F. A. Thomas, Odell Washington, Foster Watkins, Harold Butler, Carl Matney, Jimmy Mays, Bob McKnight, E. C. Payne, O. M. Solomon, and Jack Edmondson.

### Zita Breezes

E. R. Duke and M. D. Compton, representatives of the Kiwanis Club of Amarillo were out Thursday afternoon. They brought and planted four more trees in our school yard.

P. C. Gruner attended the Lion's Club luncheon in Amarillo Tuesday evening.

Mrs. Eula Watson and Mrs. Norris Hill visited Mrs. D. C. McCormick Thursday evening.

Mr. and Mrs. Baillie McCormick were Sunday guests of Mr. and Mrs. Harry Krabbe of Brady.

The regular P. T. A. meeting Saturday evening was well attended. The winners were good and plentiful. Everyone reported an enjoyable social hour.

H. R. Pulton Jr. received a painful knee injury Saturday evening when he fell, while playing at the P. T. A. social hour.

Mrs. Marshall Rockwell has been staying in Amarillo with her daughter, Mrs. Arthur Keeter for the last few days.

We are glad to report Ray Stewart's recovery from the mumps. He is able to be out again.

Betty Jane and Jones Hales are back in school again after being absent a week with the flu.

Mr. and Mrs. R. L. Thompson of Amarillo were Saturday evening guests of Mr. and Mrs. John Moody.

Mrs. Baillie McCormick visited Mrs. Emma Gruner Saturday afternoon.

There were three trustees elected

at the regular trustee election last Saturday. Those elected were John Moody, Baillie McCormick, and Frank Gruner.

### Amish Protest PWA Grant

Protesting that their religion doesn't permit the use of luxuries such as a school bus, and declaring that a new consolidated school being erected at East Lampeter, Pa., would require their children to use such conveyances to get to school, a delegation of Amish and Mennonites visited Washington, D. C., to urge cancellation of PWA funds financing erection of the school. Shown here in Washington are two representatives of the faith which frowns on borrowing money, riding in automobiles, and wearing buttons on their clothes. The PWA grant was for \$52,000.

### Jowell Items

E. C. Robinson's mother has been ill lately. May she recover soon.

Mr. and Mrs. C. P. Robertson visited in the H. F. Garvin home Monday.

Louis Henders went on a business trip to Tulsa Friday.

Billy Scott visited in the Roy Byrd home Thursday night and Friday.

Louis Henders, Jr., went to Tulsa Friday and entered Picture Memory with a group of children from Happy. They won second place.

Frank and Gene Hollabaugh have just recovered from the mumps.

Billy and Thelma Bonds visited in the home of their aunt, Friday afternoon.

Abbie Leavitt has been ill lately.

The Jowell community was vis-

ited with a light snow Sunday, which kept many away from Sunday School.

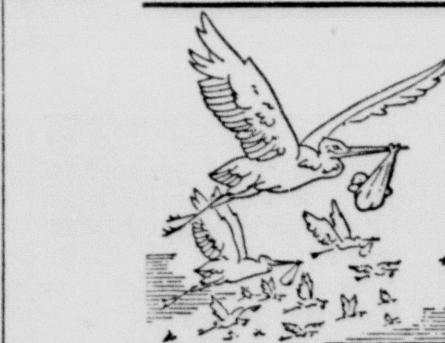

C. P. Robertson was in Happy on a business trip, Tuesday.

Norma Faye Livesay visited in the Doyle Hooten home Monday night.

A trustee election was held at Jowell Saturday. Those holding it were Mr. and Mrs. C. P. Robertson, Mrs. Earl Davis and Helen Brigran.

Mrs. Montgomery and children are visiting with her parents, Mr. and Mrs. I. H. Hollabaugh.

Brother Carter will preach at Jowell Sunday. Let us have a large crowd. Everybody is welcome.

### Babies today ... buyers tomorrow

More than 2,000,000 babies graduate to a bottle diet of cow's milk every year. Every day nearly 6,000 youngsters enter the ranks of consumers. Will they use dairy products for only a few years, or for a lifetime? That depends upon how good milk seems to them, and how thoroughly it is sold to them.

Aided by progressive dairy producers, Borden service and research have developed methods for keeping in the final products all the goodness of the original milk. Every dairy farmer can be proud of his part in this achievement.

At the same time, Borden salesmanship has kept before consumers of all ages, the story of the benefits of milk. All of this joint effort has contributed much to making milk and dairy products America's most important foods.

## THE CHOKES ON YOU

—it drains your gas tank 5 to 15 times faster than normal

Listen in PHILLIPS POLY FOLLIES  
Columbia Network ... Every Tuesday Evening

Watch out for this pickpocket!

The choke is guilty, say automotive scientists, of stealing your mileage and your money.

In laboratory and road tests, they have actually measured your loss and proved that every time you pull out the choke, the gasoline consumption of your motor is increased five to fifteen times.

This explains why Phillips 66 Poly Gas gives such amazing economy. Being higher test, it requires the least possible choke. And it's higher test without higher price, because Phillips is the world's largest producer of natural high test gasoline.

Cool days, warm days, snowy or rainy days; in any weather you get remarkable economy with this 100% custom-

tailored gasoline. Besides, every gallon has the extra energy unit supplied by the patented POLYmerization process.

So if you want more pep and power, want faster response to the throttle, extra speed and added mileage—the gasoline you want is Phillips 66 Poly Gas.

It costs nothing extra and it's easy to get. Just keep an eye out for the Orange and Black 66 Shield. Stop...fill up...and your very first trial tankful will prove there is a difference.

### CHANGE YOUR OIL ... NOW!

Drain and refill with Phillips 66 Motor Oil...for summer lubrication. Because it is the finest lubricant refined by Phillips, we recommend it as "the world's finest oil for your motor."

### NOTICE OF HEARING TO APPROPRIATE PUBLIC WORKS OF THE STATE OF TEXAS.

No. 1333.

Notice is hereby given, to whom concerned, that John H. Wright, the postoffice address of whom is Canyon, Texas, did on the 2nd day of April, A. D. 1937, file his application in the office of the Board of Water Engineers for the State of Texas, in which he applies for a permit to appropriate of the unappropriated waters of the State of Texas, from the Tierra Blanco and Palo Duro Creeks, tributaries of the Red River, in Randall County, Texas, sufficient water for the irrigation of not to exceed 11,922 acres of land, said water to be diverted by means of three pumping plants to be located as follows:

Pumping plant No. 1: At a point which bears N. 34 degrees 20 minutes W. 2,565 feet.  
Pumping plant No. 2: At a point which bears N. 61 degrees W. 1,280 feet.  
Pumping plant No. 3: At a point

which bears N. 83 degrees 30 minutes W. 412 feet, from the Southeast corner of Survey 1, in Block B-5, on the east side of the Tierra Blanco Creek, in Randall County, Texas, distant in a Northeasterly direction from Canyon, Texas, about two miles.

You are hereby further notified that the said John H. Wright proposes to install three pumping plants, to consist of six inch centrifugal pumps, operated by 15-30 International Tractor and two Fordson Tractors, having a height of lift of 9.5 feet, 16.5 feet and 16.4 feet respectively, and to divert therewith sufficient water for the irrigation of not to exceed 11,922 acres of land fully described in the application.

A hearing on the application of the said John H. Wright, will be held by the Board of Water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on Monday, May 24th, A. D. 1937, beginning at ten o'clock A. M., at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application.

as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board at Austin, Texas, this 2nd day of April, A. D. 1937.

C. S. CLARK  
A. H. DUNLAP

## Buff Netters To Cross Racquets With Texas Tech

Opening the spring tennis season, the Buff netters will trek to Lubbock to cross racquets with the Matadors of Texas Tech Saturday.

In two matches with Tech last fall the Buffs were triumphant by scores of 15-6 and 14-7.

The Matador squad is paced by the consistent chop strokes of Jordan, ranking singles player. He is competently assisted by Bozeman, McCarty, and Upshaw. Several additions during the past few weeks will enable the Matador mentor to mold the candidates into a strong and well-balanced squad.

Coach Lockhart will make his selections for the W. T. team from Ralph O'Keefe, Woolworth Russell, George Smalley, Norton Curry, Jack Hays, Glyndon Riley, and Darrell Hemphill.

## Soil Erosion

(Continued from last page)  
ject to soil blowing or for planting coverage crops on this land. Each farm in the area will have a wind erosion allowance of 5 cents for each acre thus classified by the county AAA committees.

Farmers must complete the special dust storm measures by June 1. The AAA said 85 percent of earned payments would be paid as soon as possible thereafter. Regular AAA payments will not be made until the end of the crop year.

The AAA said listing and furrowing, which will net dust bowl farmers 25 cents an acre, would reduce the amount of wind erosion this season, while cover crops, which will bring the farmer up to 50 cents an acre, would reduce soil blowing next winter and spring.

## Hiway Improvement

(Continued from last page)  
nese elms, 100 desert willows and 2,000 tamarix have been planted at this spot.

An irrigation ditch will carry water over the picnic ground, water being pumped from the creek. More trees have been ordered and will be placed on both sides of the highway. With living water in this stream, in a few years a real picnic grove of shade trees is expected to be available to the citizens of this section.

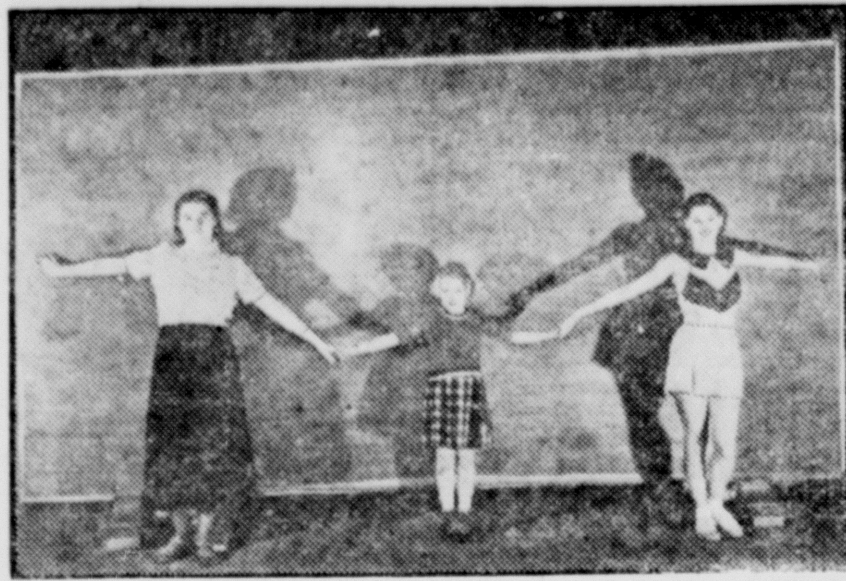

The widened pavement will start at Dreamland Cemetery, being 30 feet wide to Fourth Avenue. The pavement will then be 50 feet wide from Fourth to the underpass.

Rock work on the underpass is completed and planting of trees and shrubbery is in progress. Cedars, poplars, and trumpet vines are being planted. The rock work was designed to catch all of the water which falls, and drain into the special tree holes which were left 4x7 feet and 3 feet deep.

A walk is being built to go through the underpass for the use of pedestrians.

The triangle north of the underpass will be sodded and shrub-

bery planted when a water supply can be provided.

The state has purchased the steel and cement for widening the two bridges north of Canyon and work will start on these in about 10 days, states Mr. Gohmert. The bridges are now 20 feet wide, and the new bridges will be 40 feet wide.

It is planned to extend the widened pavement all of the way to Amarillo, but this work depends upon a continuation of WPA. The ditches are being filled in places which were not completed in the past, and trees are being planted in low places. Some of the trees come from the nursery which was established by the highway department on the College Farm.

This program of improvement and beautification is one of the largest that is underway in this section of the state.

Mr. and Mrs. Bill Sheets of Perryton were visitors last week in the parental W. H. Bagley home near Umbarger.
